For a comprehensive breakdown of the 2014 budget, please contact Village Partners International and we will be happy to send you a complete report. Contact us at: villagepartnersinternational.org

In 2014, VPI was able to improve thousands of people's lives through the services of medical and dental care, education, safe housing, feeding and nutrition programs, running water, and other humanitarian assistance. By supporting the doctors, nurses and administrators, a growing stability and sustainability has been developed. Thanks to the support of our volunteers and donors, VPI will continue to partner with the poor, so that they can obtain the needed resources to create a lasting positive impact on their villages.
