FROM THE BOARD

At Village Partners International, we believe in giving hand up, not a hand out, as we work to help others help themselves. In so doing, sustainability for the future is gained, creating a lasting legacy of work that continues after we are gone. The work in Haiti reaches the most vulnerable in a country torn with political unrest, as malnourished children are treated, vaccinations are given, medical care is obtained in the village and mountains through the mobile clinics, clean water is made available, and so much more. In Uganda, children with HIV and malaria receive life-giving care, safe deliveries are made possible, vaccinations are given, and public health initiatives are undertaken. In Tampa, those often invisible who live on our streets are given a bridge of hope, as they are seen, clothed, fed, and recognized as individuals. Through the partnerships fostered and the generosity of our donors, your gifts have touched the lives of those we serve as they are changed forever, and the most important gift, the gift of love, is shared.

Thank you for your love, your compassion and your care for those hurting in this world.

Sylvia D. Campbell MD FACS

President, Board of Directors, Village Partners International

MOMBIN CROCHU, HAITI

VPI partners with Mombin Crochu Hospital to support the hospital, the malnutrition program for infants and toddlers, clean water initiatives, mobile clinics, vaccination programs, and more in Mombin Crochu, Haiti. In 2024 VPI again funded a group of 14 Haitian medical personnel to travel to the hospital for 1 week and perform surgery, give medical expertise and support public health initiatives. Food insecurity has become a major problem with the political conditions of this past year, and VPI has reached out to address this.

MOMBIN CROCHU HOSPITAL

2490 Patients seen
Clean water maintained

THANK YOU

Your support of the work of Village Partners International has restored hope and healing to those often forgotten in this world. Lives have been changed forever, and a future once dreamed of is a reality for many.

Thank you for believing in our work, thank you for your support, thank you for your care.
